

Two of our modelling babies!!!

Sidewalk chalk is messy fun.

A little boy needing surgery to create rectum.

Bikes- Thanks to Giving Children Hope (CA) & Costco.

## Dear Welcome Home Friends and Family,

What a busy month October was with delightful visitors from The Netherlands, North Carolina and Michigan. All helped with the medical clinic and enjoyed loving our Welcome Home children.

The mums who have been doing all the hand washing for months now are REJOICING!!!! The 2 new industrial washing machines are ordered and will come from the Czech Republic where they are manufactured. They will take at least 45 days to arrive and since this is Africa there may be delays.

**Thank you all for your generous donations!!!**

It is a joy to spend time with all the children and see how they are developing. It is wonderful to sit with the bigger children and have them read to me.

The ministry into the villages to find the suffering children and get them the needed help is doing well. Ella from September newsletter with the exposed skull is progressing well. Many of the children suffering from malnutrition in the village are getting a nutritional boost while the team are teaching the family about nutrition and gardening.

Janet Mulford is back with our team for the 3<sup>rd</sup> time helping our English teacher help our staff & some of the villagers learn conversational English.

On both the left and right columns you will see young village children are receiving the care and medical intervention they need for a chance at life. Thank you - to all our prayer and financial partners.

**Blessings from Mandy, and Your Welcome Home Family.**
