To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

## Dear Welcome Home Friends and Family,

May was a month of many farewells. Several of our children moved onto their new adoptive families in Holland and USA. This was something the children had been praying for very earnestly as they seriously wanted a Dad and Mum. Others of our children returned home to their families in Uganda which is really the most ideal plan. That means the situations with their families have been solved and the children are now able to have a stable life with an adequate safe home, nutrition and education. They go home with a medical card from Welcome Home so that they are able to receive any treatment that they need if the family cannot afford it (We want them to stay healthy). Our Social Workers will be checking in to make sure they are OK.

Some of these pictures will give you a glimpse into the children's daily lives. Many of the older ones go out to school (just a short walk away). They were proud to show off their school to us when we visited. The top center picture is of our Sunday School Class. One of their weekly highlights is to get dressed up and have Uncle Tony drive several van loads of them to church (and there are many tears if one does not go)

Thank you for your love, support and notes of encouragement. With your help we are changing lives and giving them a future.
