To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

2015

Dear Welcome Home Friends and Family,

This past month the police rescued a much neglected little girl (*top 4 pictures*). Her very immature mum who had no support system, partied at disco's leaving her alone for long periods without food or care. This was a very timely rescue as she was perishing. Three days in hospital on intravenous care with a loving care giver looking after her got her on the road to recovery. And in spite of it all, the little girl had a loving connection with her mum so thankfully there had not been any major emotional damage to her.

The home continues to be a safe and happy haven for the children. There is a steady inflow of needy children; happily some return home to family, and others are adopted into families.

October was a busy month with 7 visitors from US and Netherlands who brought a lot of love and joy and a party for the children.

Mary our medical social worker does miracles finding free or inexpensive medical for needy village people who are suffering, including young children. A boy's leg saved after a neglected snake bite. Skin Grafts needed.

We do thank all the ones who make dresses, shorts and blankets for us. If you ask our children "how are you?" they will tell you they are **"Special and Blest"**

As with many missions at this time we are struggling financially. Can you please help (more)? **Thank you all!!** You make our work of serving these children possible.

**Blessings from Mandy,
& Your Welcome Home Family**
