“To Love, Care, and Pray Destitute Babies Back to Health, or into Jesus Loving Arms.”

Dear Welcome Home Friends & Family,

The New Year has started with the home being quiet after such a busy time over the Christmas season. The children are all well and seem to be growing up far too quickly. They stay babies for such a short time.

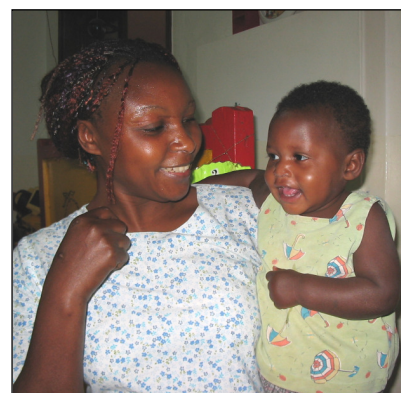

We are so grateful to all our supporters and prayer partners who work with us to care for all our children. Here are praise reports on some of the children who came into the home in the last year. These precious little ones survived only because the loving care they received at Welcome Home.

Pius, who arrived in September 2005 in an extremely malnourished condition is now a healthy boy who can walk and play, and obviously eats well.

Agnes arrived April 2005 weighing 7 lbs at 9 months, now thriving and is learning to walk. We are working with the dad and his family to ensure that she has a good future when she is returned to her village. (with Mother Jean)

Paul arrived Oct. 13th 2005, a preemie 2 days old weighing 4 lbs 14oz after the death of his mother. (wrapped warmly because of his low birth weight - despite the tropical heat).

Rhoda and **Maria** are excited to have 2 older brothers and a little sister eagerly awaiting their arrival in Wisconsin. The girls have been prepped for their new family, even teaching them about snow! Before they came to Welcome Home, Rhoda was found in a dumpster at 4 hours old, and Maria was abandoned in a hospital. Rhoda needs surgery on her left leg to enable her to walk properly.

Thank you so much for your part in our childrens' lives
